

Reflection

Personal Philosophy/Views/Goals

EDU 705 Humber Cohort

During our first weekend we discussed:

- some of your personal views regarding your guiding principles/vision as an educator
- what your view is of the learner
- what you hope to personally learn/achieve from this course

I want you to reflect further on these topics before our next meeting. Jot down some of your thoughts and ideas. Email them to me joe@mior.ca. It does not have to be anything long or complicated.

You developed your Personal Philosophy for me in EDU655. Has it changed? If so, why? If not, why not?

This reflection exercise should help you firm up your thinking and will help me prepare subsequent material which will more directly reflect the needs of the group.
